

## Switch Description

Configuration (SPST, SPDT, etc.)

Function (e.g. Receiver protection, TR switch, etc.)

## Desired Specifications

	<u>MIN</u>	<u>MAX</u>	<u>UNITS</u>
<u>Electrical</u>			
* Frequency Range			
* Peak Power			
@ Maximum Load VSWR:			
* Pulswewidth			
* Duty Cycle			
* Insertion Loss			
* VSWR			
* Attenuation			
* Switching Speed			
* Phase matching (if required)			
* Available bias supplies			
* Desired control method			

## Mechanical

Overall size

RF Connectors

Power/ Control Connectors

## Environmental

Operating temperature

Operating altitude

## Other
